

# Woodlands Community Primary School

## PE & Sport Premium Spending

2018- 20

<b>Ratified by Governors</b>	
<b>Date for Review</b>	<b>July 2020</b>
<b>Signed – Chair of Governors</b>	
<b>Signed – Headteacher</b>	

### **PE and School Sport Funding**

The government is determined to secure a significant and lasting legacy from the very successful 2012 Olympic and Paralympic Games that were held in London. In order to achieve this and improve the provision of PE and sport in primary schools, additional funding has been made available. In our school this amounts to £18 530 for 2018/19 and £18 500 for 2019/20.

At Woodlands Community Primary School we believe that sport plays an important part as it contributes to the health and well-being of our children. Sporting excellence and participation, alongside strong cultural opportunities, go hand in hand with academic standards.

We have used the Sport Funding to purchase specialist Service Level Agreements, which alongside our own school actions has enabled us to strengthen and improve our provision in the following ways:

- To hire specialist PE teachers to work alongside our teachers when teaching PE
- To support and engage the least active children through additional clubs
- To extend the range of sports clubs on offer
- To pay for professional development opportunities for teachers in PE and sport
- To provide cover to release teachers for professional development in PE and sport
- To attend sport competitions and increase pupils' participation in school games
- To buy quality assured professional development materials for PE and sport

### **PE Curriculum**

A wide range of activities are delivered in school which aim to engage and inspire all children. We are also committed to ensure that all children receive at least 2 hours per week of high quality well-planned PE.

Over the year each child will participate in games, athletics, dance and gymnastics lessons. Opportunities are also planned for swimming and Outdoor and Adventurous activities in KS2. Our aim is that all children leave our school at the end of Year 6 able to swim 25 metres. In addition to this all children work towards the 'Daily Mile' which increases their activity and fitness levels so that they are ready to learn.

Please refer to the curriculum section of the website for more details of PE lessons taught.

### **The Wider Curriculum**

PE and sport has a high profile in our school and permeates many aspects of school life. We teach a wide range of activities and have 'taster' sessions of a sport or activity that they may never have tried such as Archery or Fencing. During our Year 6 residential visit, children are given opportunity to participate in many different activities which may include orienteering, team building and assault

courses. In the summer term we also hold our annual Sports Day in which we encourage participation of all children and organise competitive races for our more sporting youngsters.

Other agencies are used to enhance the variety of activities available and we take full advantage when these opportunities become available . For example we attend local sporting events such as the recent Round 5 of the Tour of Britain which ran through the Wirral. We use these chances to motivate and inspire pupils and then build upon this through organising events such as cycling proficiency in school.

School also believes it is important for the children to meet local sporting role models. Visitors have included several Football players from Tranmere Rovers.

### **Beyond the School Day**

The school is keen to provide a wide range of extra-curricular clubs for children throughout the year which are organised by our teaching staff and/or sports coaches. Children enjoy the opportunity to work with different teachers and have the chance to try many sports such as Gymnastics, Netball, Yoga, Football, Multi-skills, Hockey, Cricket, Rounders, Circuit training and Athletics. We try to cater for all our children’s needs and so ask the children which clubs they would like to see included during the year.

Please refer to the website for more details of the extra-curricular activities on offer.

Primary school experiences are pivotal to the children’s future perception of physical activity and we believe that children leave our school equipped to enjoy sport for all its health and social benefits. For those who relish the competitive element, they gain the skills, confidence and relevant experience to succeed at their chosen level and discipline.

Meeting national curriculum requirements for swimming and water safety	9%
Percentage of Year 6 pupils who could swim competently, confidently and proficiently over a distance of 25 metres when they left at the end of the last academic year.	15%
Percentage of Year 6 pupils who could use a range of strokes effectively when they left at the end of the last academic year.	9%
Percentage of Year 6 pupils who could perform safe self-rescue in different water-based situations when they left at the end of the last academic year.	9%

**PE and Sport Premium Spend September 2018 - July 2019.**
